Handgun Instructor

This school is our premier handgun instructor school. Students are taught classroom instructional methods, how to effectively teach firearm operator skills, and how to develop dynamic and practical range training relevant to their agency's needs. Drills on the range enforce skills in the areas of coaching, accurate shot placement, multiple threats, decision-making, shooting while moving, identifying threats and firing in reduced light, tactical use of cover, concealed-carry training, one-handed malfunction clearing, firing from unconventional positions, and use of verbal commands. Each student makes a classroom presentation and must demonstrate his or her understanding of the course content through a written exam and pass a shooting skills proficiency course.

Handgun/Shotgun Instructor

This school compresses the handgun instructor school to 3 days and adds 2 days of shotgun instructor training. Student classroom presentations, concealed-carry training, and unconventional shooting positions are replaced with shotgun marksmanship and handling classroom presentations and range work. Shotgun drills include firing from cover, use of kneeling and prone positions, moving targets, malfunction clearing, firing on the move, and transitioning to the handgun.
